Hi Terry,

Attached are:

- 1) Nevada NPDES permits list
- 2) Nevada nutrient standards (I thought this list had info on permit limits, but I guess it's just standards)

I talked to Tinger, and he also wasn't sure how many POTWs in NV have NPDES permits, but he figured that at least all of the large ones do.

Let me know if there's any other info I can dig up that would be of use.

Best,
Amelia
